21/06

**Ben-Gurion University
Be'er Sheva**

The Symposium is an international forum for researchers, entrepreneurs and practitioners in the theory, design, analysis, implementation, or application of cyber security, cryptography and machine learning systems and networks; and, in particular, of conceptually innovative results.

ENTREPRENEURS: The submission format is a Powerpoint/PDF abstract of up to 6 pages accompanied by a presentation of 5 to 10 minutes. Accepted pitches will be presented during the "Entrepreneurship Pitch Track" in front of VCs and industry experts of the country. In addition, the selected 3 best pitches will get an excellence of innovation certificate.
